Sir:-

Referring to voucher #166, of your Ordinary Expense Account for month of April, 1881, bill of the Philadelphia Gas Works, I find that in addition to the quantity of gas shown by the meters to have been consumed, the Company has charged for 286,000 feet on account of meter "ceased to record."

I will thank you to inform me what evidence there is that the amount named was consumed, and how the amount was arrived at.

Very respectfully,
